

User's manual (BS-201)

Thanks for your purchase of our Bluetooth Speaker!

Like all our products, great care has been taken in its design. A combination of advanced engineering and state-of-the-art materials will provide you with years of listening pleasure.

Charging the Battery

- Before using, fully charge the battery using the supplied USB cable. Connect the “DC5V” charging slot to any USB port supplying power (Laptop, Computer, AC Charger, Car Charger, etc.).
- A solid red LED indicates that the speaker is charging, it will turn off when fully charged.

Power on/off

- Long press **Power on/off** button to power on/off the unit.

Bluetooth Pairing

- With the speaker turned on, it comes to Bluetooth mode, and blue LED indicator flashing. Open the Bluetooth® settings of your phone, tablet or other Bluetooth enabled audio device and select “**BS-201**”. When prompted for the pairing code, enter **0000**.
- Once paired, blue LED will stop flashing. and display Blue

Playing Music

- Select a song, artist, genre, or playlist on your phone, tablet or other Bluetooth enabled audio device.
- Short press the “play/pause” button to start or pause the music.
- Press “Pre/V –” and “Next /V+” button to go to Pre or next song.
- Long press “Pre/V –” and “Next /V+” button to adjust volume.

Hands-free For Calling

- Pick up or hang up a call by short pressing the “play/pause” button.
- Long press the “play/pause” button to reject when a new call comes in.
- Short Press the “play/pause” button twice to redial the last phone call

AUX./ TF playing

- Play music directly when insert in TF card.

- User manual*1
- Thanks card*1

FCC Caution.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential

installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

* RF warning for Portable device:

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
